

National Power's Storm Team Provides Power and Infrastructure Restoration During Hurricane Ian

Raleigh, N.C., October 1, 2022 – National Power announced it has deployed its Storm Team to support Florida's power and infrastructure restoration in the wake of Hurricane Ian. National Power's Storm Team includes a full complement of resources, including generator technicians, fuel, parts, and mobile generators. This team will assist mission critical customers, including those providing vital communications infrastructure to Florida's residents and businesses, repair and mitigate the impact of power outages swiftly and safely. National Power is responding across the State of Florida, and crews will remain in place as long as needed. Additional crews and equipment will also be deployed to support storm restoration as Hurricane Ian travels up the East Coast.

Chris Hutter, National Power's Chief Executive Officer, stated, "We are proud to support customers in Florida and along the East Coast in response to Hurricane Ian. We proactively activated our Storm Team to maximize the positive impact we can make and shorten restoration times. Supporting mission-critical power and infrastructure is our business -- and we are committed to helping customers resume operations as soon as possible after this massive storm event."

The Company's Storm Team can be reached at 800-729-7693, and its website is www.natpow.com.

About National Power

At National Power, everything we do is focused on delivering reliability and resilience to mission critical customers. Our power and infrastructure solutions lead the industry, with a deep and broad set of capabilities that include standby power, AC and DC power systems, batteries and energy storage, renewables, HVAC, UPS systems, power quality, and disaster recovery. Our team is built to serve the needs of sophisticated customers whose operations simply cannot be interrupted. This includes customers in the broadband, telecom, healthcare, manufacturing, municipal, water/wastewater, military, retail/distribution and other critical industries. We have delivered thousands of successful projects over decades. We also provide on-going preventative maintenance and emergency service – bolstering the reliability of our solutions. We serve customers coast-to-coast, with teams built locally. We can be found online at www.natpow.com.
